Ref: Teaming Agreement with Fibcom India Limited

Dear Sir,

Please be informed that the Company has signed a comprehensive Teaming Agreement with Fibcom India Limited (Fibcom), a reputed manufacturer of SDH Mux and other technology products.

Under the aforesaid Teaming Agreement, Fibcom shall, in its existing and forthcoming projects, deploy/ offer the entire range of products portfolios of Valiant including E1 PDH Mux, DACS and GNSS (Satellite) Time Synchronization equipment across the utility sectors, namely, Power, Telecom, Dedicated Freight Corridor Corporation of India for Indian Railways.

The scope of aforesaid Teaming Agreement also includes to explore the possibility of bidding for projects on a turnkey basis such as Power Sub-Stations, the merits of which shall be evaluated and determined by both the parties collectively.

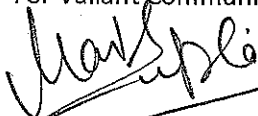

The management believes that the association with Fibcom shall be in the interest of Company because of its strong foothold across the utility sectors in India.

Furthermore, while competing with some big MNCs, both the Indian manufacturer companies are also expected to have an additional benefit under the "**Preferential Market Access Policy**" of Govt. of India, in their joint efforts.

About Fibcom: Fibcom is a part of Suri Group having diversified business interest in auto parts and equipment (Subros), hotels (Lalit), telecom (Primatel and Fibcom), auto retail (Rohan Motors) and education (Step by Step).

About Valiant: Valiant is a manufacturer and exporter of a wide range of communication equipment, with successful installations in over 100 countries. Valiant provides communications equipment and solutions for Power Utilities, Oil & Gas Utilities, Railways/Metro Rail Networks, Airport Communications and Defence Networks.

Sincerely,
For Valiant Communications Limited

Manish Kumar
Company Secretary
